

ADVANTAGE MANUFACTURING

Proudly Manufacturing Pool Pumps, Spa Pumps and Pond Pumps Since 1993

Congratulations! You have just purchased a World Class Motor, Pump and/or Filtration System from Advantage Manufacturing. All wiring instructions, manuals and warranty information should be in the box. We recommend you use a licensed electrician for all installation services.

Because this product is so solid, we are delighted to extend you one of the longest warranties in the business. Please do not remove the barcode from the item as this is the serial number we need to verify the warranty date. The warranty serial number is also on the box.

Additionally, we offer an extended warranty for \$29, if you contact us within 30 days of the initial purchase at **800-636-8866** or via email at **info@advantageman.com**.

We are determined to delight you with our products and service. Our company motto is, "Big Enough to Deliver, Small Enough to Care." Please let us know if there is anything we can do to improve your customer experience.

In most cases, you purchased this item through a Service Professional or Retail establishment. We encourage you to contact them first and give them a chance to help you. However, if you need any support we are here Monday through Friday (and Saturdays in the Spring/Summer months) from 7:00AM until 5:00PM (PST).
